This Is Our Story Janet Wootton 2013-01-07 The story of women's ministry is longer and far more varied than most people imagine. This book tells the story of women's ministry in the Free Churches, and looks at its impact on the ways we worship and live out our Christian lives. Women have ministered in garrets and gutters, at home and on the mission field. Today, women are fully engaged in ministry within our multicultural society, bringing a diversity of voices to match the diversity

of the world in which we live. Six well-known contributors who are themselves involved in the story of women's ministry explore issues of leadership and authority, preaching and worship, global perspectives, the relation to feminist theology and the ecumenical setting. Their contributions are complemented by the voice of experience. Women from varied backgrounds tell their own stories of being called to a ministry that sometimes doesn't fit, of wrestling with the traditions that have nurtured their faith and that can put obstacles in their way. Here we see something of the variety and of the rich texture of women's ministries in the contemporary church. Some of the women represented here have found their journey to ministry uncomplicated. Others have traveled long and painful roads, meeting opposition and hostility. Many have moved from trying to be "one of the boys" to the recognition that their gender can have an influence on their ministry. The stories interact with the articles, bringing many lively and dramatic voices to the telling of "our story."

This is Our Story Ashley Elston 2016-11-04 No one knows what happened that morning at River Point. Five boys went hunting. Four came back. The boys won't say who fired the shot that killed their friend, Grant; the evidence shows it could have been any one of them. Kate

Marino's senior year internship at the District Attorney's Office isn't exactly glamorous-more like an excuse to leave school early that looks good on college applications. Then the DA hands her boss, Mr. Stone, the biggest case her small town of Belle Terre has ever seen. The River Point Boys are all anyone can talk about. Despite their damning toxicology reports the morning of the accident, the DA wants the boys' case swept under the rug. He owes his political office to their powerful families. Kate won't let that happen. Digging up secrets without revealing her own is a dangerous line to walk; Kate has personal reasons for seeking justice for Grant. As she investigates with Stone-the aging prosecutor relying on Kate to see and hear what he cannot-she realizes that nothing about the case-or the boys-is what it seems. Grant wasn't who she thought he was, and neither is Stone's prime suspect. As Kate gets dangerously close to the truth, it becomes clear that the early morning accident might not have been an accident at all-and if Kate doesn't uncover the true killer, more than one life could be on the line including her own.

Our Story Starts in Africa Patrice Lawrence 2022-09-13 A sensitively told and vibrantly illustrated story of Black history from its very ancient origins to its dynamic future When Paloma goes to visit her family in Trinidad, she doesn't feel that she fits in. But Tante Janet has a story to tell her: An ancient story of warrior queens and talking drums, of treasures and tales that span thousands of years . . . a story that Paloma shares in, because her story, too, starts in Africa. Join Tante and her inquisitive niece as they share the story of how her family came to the Caribbean, through the dark days of colonization and enslavement, to the emergence of a thriving, contemporary community of many faces, places and successes. All too often, children's books dealing with "Africa" are reductive with little mention or explanation of modern Africa and too much focus on traditional costume, dancing and animals. This book offers a new approach to caregivers wanting to talk about Black history and Blackness from its very origins, sensitively told and vibrantly illustrated.

Our Story Dalma Pálóczi Horváth Takács 2007-11-27 The story of this family takes the reader through two hundred years of turbulent history and daily living. One member of the clan was Plczi Horvth dm, a staunch

Hungarian patriot, collector of Hungarian folk songs at the turn of the 18th century, who believed that women should be entitled to an equal education with men, to the right to hold office and to have representatives in Parliament. His contemporary, Dukai Takch Judit was one of the first Hungarian female poets. Other illustrious members included writers, a diplomat, a state minister, and a mathematician. One fought in the Hungarian Revolution of 1848. Several died in the two world wars; many lived through the dismemberment of Hungary after World War I. The next generation made it through World War II, the Nazi occupation of the country, the Communist takeover of Eastern Europe, and the 1956 Hungarian Revolution. Many are still living in Hungary; others have left the country to seek better lives in England and America. Their personal stories bring alive the realities of life behind the headlines of history. The story of the family in the 20th century is told through the portraits of seven family members, spanning three generations. Plczi Horvth Lajos (author Dalmas father) was a writer, collector of folk songs (like dm) and champion of the rights of the peasants and industrial workers. He was a man of cosmopolitan education who spoke nine languages, but had a fierce loyalty to his country. He saw both Nazi Germany and Soviet Communism as equally dangerous to Hungary. After the Communist takeover of Hungary he was arrested on trumped up charges of subversion and served five years in prison. The freedom fighters of 1956 released him, but he did not leave his country even after the ruthless suppression of the 1956 Revolution. Hevesi Halsz Laura, wife of Plczi Horvth Lajos and Dalmas mother, was born in the southern part of pre-World War I Hungary, an area assigned to Romania by the Treaty of Trianon. After World War I her widowed mother took the children to live in what was left of Hungary, and Laura lived through the privations and economic chaos caused by the dismemberment of the country. She was loyal to her husband, but in love with another man, Dlnoki Veress Lszl, a Hungarian diplomat. During World War II Veress was charged by Hungary's Prime Minister to negotiate Hungary's surrender to the Allies. His portrait reveals the bittersweet complexities of this love triangle and its place in European history. Dalmas story

shows how her life was shaped by these strong personalities and by the joys and cruelties of life in 20th century Europe and America. Together with her parents she made it through World War II and the siege of Budapest. For a month their house was in no mans land between the Russian and the German front lines. But the most traumatic part of the experience was the Russian occupation: for six weeks their home was an army hospital; the soldiers were the masters and the tenants were slaves obliged to obey their commands. Yet she also had the chance to learn much about the Soviet army because her father was the interpreter. In the years after 1945 hopes of a free country governed by free elections gradually faded. By 1947 the Communists were in control, arresting and imprisoning their opponents. Laura made the wrenching decision to leave Hungary with her daughter, and join Veress Lszl, whom she later married. Dalmas story takes her through the challenges of starting a new life in England in the aftermath of World War II, preparing for exams, helping out at home while her mother and stepfather tried to make a living, and dreading news from Hungary where the Communists were gradually stifling all forms of freedom. She was 15 when she arrived in England. Seven years later she had a B.A. degree and teaching English in an English grammar school. But her challenges continued. After her marriage to Takc

Women: Our Story DK 2022-04-30 Reexamining history from a female perspective, this book celebrates the pivotal but less well-known roles women have played in culture and society. Packed full of evocative images, this gloriously illustrated book reveals the key events in women's history--from early matriarchal societies through women's suffrage, the Suffragette movement, 20th-century feminism, and gender politics, to recent movements such as #MeToo and International Women's Day--and the key role women have had in shaping our past. Learn about the everyday lives of women through the ages as well as the big names of women's history--powerful, inspirational, and trailblazing women such as Cleopatra, Florence Nightingale, Emmeline Pankhurst, Eva Peron, and Rosa Parks--and discover the unsung contributions of lesser-known women who have changed the world, and the "forgotten" events of women's history. Placing women firmly center stage, *Women: Our Story* shows women where they came from, and in celebrating the achievements of women of the past, offers positive role models for women of today.

These stories belong to the narrative paragraph category, one of the four genres that the students learned and practiced in this class. This book is expected to allow the students to tell their stories to a wider audience and to get inspired to write more. While reading the book, the audience will be able to catch a glimpse of what unforgettable experiences these young writers have—some of these experiences are beautiful, some others are embarrassing, upsetting, scary, or sad, but all of them have taught an important lesson to the writers. We hope you enjoy this book. Comments and suggestions for future improvement would be greatly appreciated.

Our Story Rao Pingru 2018-05-08 Begun by the author when he was

eighty-seven years old and mourning the loss of his wife, *Our Story* is a graphic memoir like no other: a celebration of a marriage that spanned the twentieth century in China, told in vibrant, original paintings and prose. Rao Pingru was twenty-four-year-old soldier when he was reintroduced to Mao Meitang, a girl he'd known in childhood and now the woman his father had arranged for him to marry. One glimpse of her through a window as she put on lipstick was enough to capture Pingru's heart: a moment that sparked a union that would last almost sixty years. *Our Story* is Pingru and Meitang's epic but unassuming romance. It follows the couple through the decades, in both poverty and good fortune—looking for work, opening a restaurant, moving cities, mending shoes, raising their children, and being separated for seventeen years by the government when Pingru is sent to a labor camp. As the pair ages, China undergoes extraordinary growth, political turmoil, and cultural change. When Meitang passes away in 2008, Pingru memorializes his wife and their relationship the only way he knows how: through painting. In an outpouring of love and grief, he puts it all on paper. Spanning 1922 through 2008, *Our Story* is a tale of enduring love and simple values that is at once tragic and inspiring: an old-fashioned story that unfolds in a nation undergoing cataclysmic change. (With gorgeous full-color illustrations throughout, and a distinctive exposed spine emulating the original Chinese design.)

Our Story Begins Tobias Wolff 2009 Tobias Wolff's first two books, *In the Garden of the North American Martyrs* and *Back in the World*, were a powerful demonstration of how the short story can 'provoke our amazed appreciation' (New York Times Book Review). In the years since he's written a third collection, *The Night in Question*, as well as a pair of genre-defining memoirs (*This Boy's Life* and *In Pharaoh's Army*), the novella *The Barracks Thief*, and, most recently, a novel, *Old School*. Now he returns with fresh revelations about biding one's time, or experiencing first love, or burying one's mother - that come to a variety of characters in circumstances at once every day and extraordinary- a retired Marine enrolled in college while her son trains for Iraq, a lawyer taking a difficult deposition, an American in Rome indulging the gypsy

who's picked his pocket. In these stories, Wolff proves himself as a writer of the highest order- part storyteller, part philosopher, someone deeply engaged in asking hard questions that take a lifetime to resolve.

Tell Our Story Julie Reid 2020-05-01 Focusing on three South African communities the authors dismiss the idea that some groups are voiceless, arguing that they are being deliberately ignored by dominant news media The dominant news media are often accused of reflecting an 'elite bias', privileging and foregrounding the interests of a small segment of society while ignoring the narratives of the majority. The authors of *Tell Our Story* investigate this problem and offer a hands-on demonstration of listening journalism and research in practice. In the process they dismiss the idea that some groups are voiceless, arguing that what is often described in such terms is mostly a matter of those groups being deliberately ignored. Focusing their attention on three very different South African communities they delve into the life and struggle narratives of each, exposing the divide between the stories told by the people who actually live in the communities and the way in which those stories have been understood and shaped by the media. The three communities are those living in the Glebelands hostel complex in Durban where over 100 residents have been killed in politically motivated violence in the past few years; the Xolobeni community on the Wild Coast, which has been resisting the building of a new toll road and a dune mining venture; and Thembelihle, a settlement south-west of Johannesburg that has been resisting removal for many years. The book concludes with a set of practical guidelines for journalists on the practice of listening journalism.

Our Story Barbara Merz 2017-02-07 Do you know why you were put on the face of this earth? Only God has an answer to that question. The nice thing about being in your twilight years is that you can look back and see what real life can hand you. This is the story of two couples from two different walks of life with different family and professional backgrounds who found out that what you dream and plan may not always turn out the way you expected. This book highlights two special individuals: Vernon Rosser of Nashville, Tennessee, and Joyce Merz, who lived about seventy-

five miles away in Tullahoma, Tennessee. Neither one knew the other; however, both of them had contracted an incurable lung disease known as idiopathic pulmonary fibrosis (IPF). This was a viral infection of the lungs without any known cause or cure. These two taught their spouses and those around them a lesson that changed the lives of many.

Rethinking Our Story G. Douglas Hammack 2014-01-13 "If it ain't broke, don't fix it." But it's no secret that the Christian church is "broke," and does need fixing. Despite great effort, things are going badly for us. We've tried trendy and tech-savvy, entrepreneurial and coffee-house gritty. They're not helping. Our problem is deeper than that. Our problem is our instincts--instincts informed by our story. There was a time when the Christian church was a powerfully transformative presence in society. It can be again--but it will require radical rethinking of the story that informs our instincts. And it's time! It's been five hundred years since the Reformation, our last major update. Today is a pivotal moment in history. With our worldview upended by quantum physics, history is demanding we renew the Christian story for our times. Rethinking Our Story reframes the elements of the Christian narrative for the new era. It explores "quantum" ways of thinking about God, human nature, Jesus, salvation, and the afterlife. The future of the church and the health of our society depend on our willingness to rethink, retell, and live out a better story. We will either update our

instincts and contribute to the earth's well-being--or disappear into oblivion.

Our Story Ahmad Bahjat What if the crow who showed Cain how to bury Abel was returning from a justice council with the corpse of a condemned and executed fellow crow? Ahmad Bahjat imagines this scenario and others in the wildly inventive tales he collects in Our Story. Bahjat envisions animal lives and communities as complete as human ones, and he retells the familiar stories of the prophets through this new lens, adding a layer of illuminating viewpoints to the well-known stories. No one has been able to ask Salih's camel what she thought of the disbelievers' refutations, but through Bahjat's creative and insightful tales, we can now conjecture. A feat of imagination and elaborate world building, these stories combine a Muslim's love of the prophets and a desire to follow them with the recognition that humanity is not alone on this earth. Our Story provides a new frame of reference for our most beloved childhood stories.

Our Story W Penn Handwerker 2016-06-03 The story of human evolution, or Our Story, is about the development and refinement of cultures.

Individuals cannot do things on their own, this book argues; their choices are driven by heuristics, biases, illogical preferences, and irrational assumptions about the nature of reality. So how did humanity survive? By forming more and more successful cultures, which are teams of people who share a specific vision of the world. Because cultures-as-teams are more effective if there is a strong correspondence among the members, they select individuals who clarify the team's vision and force compliance to that vision. Thus, cultures-as-teams are powerful agents for change in the world. They offer the individual the opportunity to accomplish unimaginable goals, but they can also destroy him or her in the process.

A Book About Innocent Innocent 2020-05-21 We started making smoothies in 1999. On that first day we sold twenty-four bottles, and now we sell over 2 million a week, so we've grown since then. This book is about the stuff we've learned since selling those first few smoothies. About having ideas and making drinks, about running a business and getting started, about nature and fruit, about company life and working with friends, about the stuff we've got right and the stuff we got wrong, and about squirrels . . . and camping . . . and doing the right thing. We thought we'd write it all down in a book so we don't forget any of it, and to maybe help other people too. We started innocent from scratch, so we've learnt a lot of things by getting stuff wrong. Some other lessons have come from listening carefully to people clever than us. And some stuff we just got lucky on. But all of it, the good the bad and the useful, is in here. Plus, perhaps our mums will finally believe us when we tell them we haven't rung home for a while because we've been a bit busy these past few years.

Glaude, Jr., author of *Begin Again* "Engaging. . . . In Gates's telling, the Black church shines bright even as the nation itself moves uncertainly through the gloaming, seeking justice on earth—as it is in heaven." —Jon Meacham, *New York Times Book Review* From the New York Times bestselling author of *Stony the Road* and one of our most important voices on the African American experience comes a powerful new history of the Black church as a foundation of Black life and a driving force in the larger freedom struggle in America. For the young Henry Louis Gates, Jr., growing up in a small, residentially segregated West Virginia town, the church was a center of gravity—an intimate place where voices rose up in song and neighbors gathered to celebrate life's blessings and offer comfort amid its trials and tribulations. In this tender and expansive reckoning with the meaning of the Black Church in America, Gates takes

us on a journey spanning more than five centuries, from the intersection of Christianity and the transatlantic slave trade to today's political landscape. At road's end, and after Gates's distinctive meditation on the churches of his childhood, we emerge with a new understanding of the importance of African American religion to the larger national narrative—as a center of resistance to slavery and white supremacy, as a magnet for political mobilization, as an incubator of musical and oratorical talent that would transform the culture, and as a crucible for working through the Black community's most critical personal and social issues. In a country that has historically afforded its citizens from the African diaspora tragically few safe spaces, the Black Church has always been more than a sanctuary. This fact was never lost on white supremacists: from the earliest days of slavery, when enslaved people were allowed to worship at all, their meetinghouses were subject to surveillance and destruction. Long after slavery's formal eradication, church burnings and bombings by anti-Black racists continued, a hallmark of the violent effort to suppress the African American struggle for equality. The past often isn't even past—Dylann Roof committed his slaughter in the Mother Emanuel AME Church 193 years after it was first burned down by white citizens of Charleston, South Carolina, following a thwarted slave rebellion. But as Gates brilliantly shows, the Black church has never been only one thing. Its story lies at the heart of the Black political struggle, and it has produced many of the Black community's most notable leaders. At the same time, some churches and denominations have eschewed political engagement and exemplified practices of exclusion and intolerance that have caused polarization and pain. Those tensions remain today, as a rising generation demands freedom and dignity for all within and beyond their communities, regardless of race, sex, or gender. Still, as a source of faith and refuge, spiritual sustenance and struggle against society's darkest forces, the Black Church has been central, as this enthralling history makes vividly clear.

Understanding Our Story Rebecca Letterman 2017-02-28

Understanding Our Story presents a concise introduction to the original, transformative thinking of Adrian van Kaam, CSSp, PhD (1920-2007). While many books are available on "spiritual formation" and "Christian disciplines," no other author of our time has offered such a holistic and comprehensive explanation of Christian formation and its relationship to the human spirituality of all persons. *Understanding our Story* culls the most seminal ideas and vocabulary from van Kaam's eleven volumes on formation science, formation anthropology, and formation theology, and provides examples of his theoretical-practical research drawn from everyday life, Scripture, Christian writers, and van Kaam's life story itself. In doing so, it makes his extensive work available to scholars in the field of spiritual formation, and gives all readers the opportunity to utilize his insightful thinking to more fully understand the myriad ways in which God reforms and transforms lives into the image of Christ. In the pluritraditional world in which we live, where so many faith and formation traditions demand our attention, van Kaam's formative spirituality provides a means of respectful dialogue with formationally relevant truths from others and of wise appraisal of ideas that are (and are not) conducive to, and compatible with, the Christian revelation.
